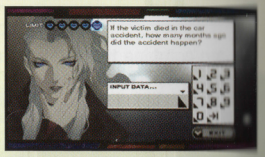
FORENSICS

Use your keen mind for analysis along with several tools for detecting evidence to gather information about the crime. Afterwards, combine your evidence and use rational thought to create conclusive cases to determine the events behind each death.

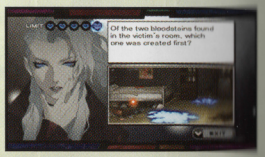
Numbers

Use the keypad on the right side of the screen to enter a number that answers the question. When you are done, point at the OK icon and press the A Button to confirm your answer.



Identification

Point at the area of the picture that you think is the answer to the question and press the A Button to highlight it, then point at the OK icon and press the A Button to confirm your answer.



You can choose to answer most quizzes later if you do not know the answer. To do so, point at the EXIT icon and press the A Button. Some quizzes cannot be backed out of in this way, however

Solving the Case

Once you have gathered enough evidence, Naomi will review the case from the beginning and attempt to answer all the questions raised during the investigation. To answer each question, select the correct evidence card by tilting the Control Stick left or right or by pressing the A Button while pointing at the arrow icons next to the cards. Select the card you think is the correct answer by pointing at it and pressing the A Button, then point at the OK icon and press the A Button to confirm your selection. Once all the questions raised during this recap have been correctly answered, the case will be solved.
